PSM/CTC/2/01 (026) Vol. 1 (7)

9<sup>th</sup> September, 2016

Dear Bidders,

RE: ADDENDUM NO. 1

### TENDER NO. KPA/026/2015-16/EE – SUPPLY, INSTALLATION AND COMMISSIONING OF A STANDBY GENERATOR AND A SKYLIGHT FIELD POWER GENERATOR FOR POLLUTION CONTROL SECTION

Pursuant to clause 10.1 of the above tender document, the Authority hereby issues the following addendum:

No.	Query	KPA Response
1	We seek KPA to revise the condition of class A1 ERC on the tender document since the estimated work to be done can accommodate the standard equivalence of Class B1 ERC, we seek the condition to be class B1 and above.	Class A1 classification requirement is based on the kind of electrical works to be done and has nothing to do with the value of work. This is necessary to ensure that work is done professionally without necessarily separating the available electrical work demands in the port area as all the voltage ranges are available.

All other conditions remain the same.

Yours faithfully,

Yobesh Oyaro  
Head of Procurement and Supplies  
**FOR: MANAGING DIRECTOR**
