

13th September 2019

Dear Bidders

ADDENDUM NO. 1

RE: TENDER NO. KPA/020/2019-20/ME- SUPPLY, INSTALLATION, TESTING AND COMMISSIONING OF 2NO. CATERPILLAR C2.2 THREE PHASE MARINE GENSETS ON BOARD PILOT BOATS ALBINA AND TANGULIZI II

Pursuant to clause 2.6.1 of tender document, the Authority hereby issues the following clarification:-

Item No.	Clarification Sought	KPA Response
1.	I would be grateful if you could confirm whether we are allowed to offer an alternative brand other than CATERPILLAR because in the tender documents you have specified that the engine should be caterpillar, which is single sourcing.	Our fleet of Pilot Boats are all powered by Caterpillar Gensets C2.2 series. The requisition in question is for Pilot Boat Albina and Tangulizi II (2005 built). The existing inbuilt C2.2 gensets have exceeded their economic lives and we are just replacing and not planning to introduce any other type other than what has already been in use for more than 13 years.
2.	We would wish to participate in this tender, however in spite of our immense technical and financial capacity; the specifications provided are crossly skewed for only caterpillar brand. This requirement is unfair to other suppliers trading in other strong brands like MTU, VOLVO, CUMMINS, PERKINS and KOHLER SDMO	The Caterpillar authorized dealers/agents can be more than one hence the use of open tender as the preferred method.

All other conditions remain the same.
