

PSM/CTC/1/01(024) VOL.1

1st October, 2019

Dear Bidders,

RE: ADDENDUM NO. 3

**TENDER NO. KPA/024/2019-20/ICT PROVISION OF INTERNET
AND MPLS SERVICES FOR KENYA PORTS AUTHORITY**

Pursuant to clause 2.5.1 of tender document, the Authority hereby issues the following addendum:

Further to Addendum No. 1, bidders are hereby informed that the Authority is transforming towards software defined networking (SDN) and therefore as part of the technical proposal and compliance for the above subject tender, bidders shall be required to provide SDWAN capabilities as follows:

1. Multiple encrypted VPN tunnels for service continuity to ensure applications have performance required.
2. SDWAN controller for policies and traffic prioritization to ensure and meet service level agreement WAN metrics. This should be coupled with path remediation for critical business application to deliver better user experience and data reliability.
3. Application awareness capability.
4. Traffic shaping and policing.

This clarification therefore replaces Addendum No. 1.

All other conditions of the tender remain the same.

Yours faithfully,

Aza N. Dzengo
Ag. Head of Procurement and Supplies
